More recently, however, I have noticed that scholars themselves are beginning to narrate intellectual history in the same way: treating all quantitative or empirical approaches to literary history as aspects of a digital turn in the discipline.

DHQ: Digital Humanities Quarterly: A Genealogy of Distant

For large public libraries, the development of digital technologies poses challenges that have yet to be fully explored. While library sector rhetoric rightly imagines that digital technologies bring change to all aspects of library operations, it is not enough to focus on the technologies.
