

religion studies march 2014 pdf

Religion in the United States is characterized by a diversity of religious beliefs and practices. Various religious faiths have flourished within the United States.

Religion in the United States - Wikipedia

Religion may be defined as a cultural system of designated behaviors and practices, worldviews, texts, sanctified places, prophecies, ethics, or organizations, that relates humanity to supernatural, transcendental, or spiritual elements.

Religion - Wikipedia

Racially diverse, economically stressed and politically liberal, Millennials are building their own networks through social media – rather than through political parties, organized religion or marriage. Half now call themselves political independents, the highest share of any generation.
